TRANSPORTATION IN KRAKOW

During the Assembly

We have opted for a mixed method of transportation to ensure convenience and flexibility for participants. There will be various options for movement between places during the Assembly:

- **Charter Buses (Jordan Transport)**

For designated schedules in the mornings and evenings, chartered buses will be available to transport participants between AGH Hostels and the ICE Congress Centre.

- **Public Transportation (Free for Assembly Participants)**

Assembly participants will receive a free transportation card integrated into their badge. This card grants access to Krakow's public transportation network, including buses and trams. Participants can use this public transport option to travel to different locations within Krakow during the Assembly.

- **Walking**

For those who enjoy physical activity, walking is a viable option within Krakow city. Krakow's charming streets and attractions are easily accessible by walking, providing participants with an opportunity to immerse themselves in the local atmosphere. Krakow is generally safe though as in any other city we recommend exercising mindful caution.

- **Bike, Electric Scooters**

For all willing participants there is a possibility to rent bicycles or electric scooters. Ordering can be done by participants themselves or with the help of local assembly staff through the information desk. Costs are paid directly by the participant.
